

CERTIFICATE

Project: **Test Particulate Filter**

Client: **Exilator ApS
Tigervej 11
DK-4600 Køge**

Office: **Copenhagen**

Client's Order Number: -

Date: **07 September 2015**

Order Status: **Completed**

Inspection Dates

First: **24 August 2015**

Final: **07 September 2015**

This certificate is issued to

EXILATOR APS

To certify that the undersigned surveyor did, at their request, attend Granly Diesel in and Poul Løvenørn IMO 9250969 in Esbjerg Denmark for the purpose of examining and witness the testing of

One (1) Test Particulate Filter

The Particulate Filter have been designed and constructed in accordance with drawings appraised by Lloyd's Register as per Copenhagen Marine Design Appraisal Document No. M/1109702/1500410/PHE/phe, dated 12 May 2015.

All materials are as specified on the drawings, welding carried out by qualified welders using approved welding consumables and qualified welding procedures.

The workmanship has been found satisfactory, and on completion the filter was subjected to a leak test and found sound and tight.

Test Particulate Filter was fitted in line with turbo charger exhaust gas pipe from main engine for experimental data & analysis.

Mounting of cross beams for installation of filter suspension, carried out by qualified welders using approved welding consumables, qualified welding procedures and completed satisfactory by visual examination and magnetic particle test.
